

UNIQUE TRAINING OPPORTUNITY!
It's coming soon, so make plans today!

Please join us for the National District Attorney's Forensic Evidence Course

September 18-21st
Portland, Oregon

The *Forensic Evidence Course* is designed with the prosecution team in mind (prosecutors, investigators and other law enforcement personnel, judges, and forensic professionals involved in criminal prosecution) working to provide the most comprehensive and concise understanding of the challenges inherent when investigating, engaging in pre trial preparation and presenting the violent crime case involving a variety of scientific evidence. Faculty members include prosecutors, scientists and law enforcement personnel all working collaboratively to assist in providing this cutting-edge training as NDAA continues its tradition of providing the best training for America's front line of defense—America's prosecutors.

This year in addition to foundational topics for those new to working with these complex cases we will also have lectures focusing on DNA:

- Current Technological Advances
- Admissibility Challenges
- Manipulation of DNA Evidence

And DNA Demonstration:

- Cross Examination of the expert witness

Additional Offering Rarely Offered at National Courses:

- Hands-On High Tech Case Presentation Workshop
- Attendees desiring to participate must complete a questionnaire (after course registration) AND must bring their own lap top computer.

Additional tentative topics include:

- Crime Scene Investigation
- Wound Analysis in Homicide Cases
- Evaluating Suspicious Deaths: Evidence Collection Tips
- Trace Evidence
- Electronic Evidence: Collection, Seizure, Admissibility Issues, Presentation
- Unusual Syndromes and Defenses
- Ethics and Professionalism
- Meeting Attacks on Scientific Evidence
